

FAQs about Specific Actions under Thematic Facility Work Programmes AMIF, BMVI, ISF 2021-2022

14 September 2022

❖ **BMVI/2022/SA/1.5.7- Title: SIS shared technical copies and biometrics**

Topic classification	Questions	Reply
Eligible costs	Estonia is planning to take SIRENE application to a new technology. The focus will be on better usability and automated processes. Analysis period is planned to start 2023 and development 2024. As no detailed analysis has been done yet, we do not know the full scope and time of the implementation. We would like to know, whether in such circumstances costs for an analyst and UX Designer would be eligible under the call BMVI/2022/SA/1.5.7.2?	Yes, analysis and design can fall under the scope of this SIS specific action.
